

CURRENT

(j) "Commercial pool/spa contractor" means a contractor whose scope of work involves, but is not limited to, the construction, repair, and servicing of any swimming pool, or hot tub or spa, whether public, private, or otherwise, regardless of use. The scope of work includes the installation, repair, or replacement of existing equipment, any cleaning or equipment sanitizing which requires at least a partial disassembling, excluding filter changes, and the installation of new pool/spa equipment, interior finishes, the installation of package pool heaters, the installation of all perimeter piping and filter piping, and the construction of equipment rooms or housing for pool/spa equipment, and also includes the scope of work of a swimming pool/spa servicing contractor. The scope of such work does not include direct connections to a sanitary sewer system or to potable water lines. The installation, construction, modification, or replacement of equipment permanently attached to and associated with the pool or spa for the purpose of water treatment or cleaning of the pool or spa requires licensure; however, the usage of such equipment for the purposes of water treatment or cleaning shall not require licensure unless the usage involves construction, modification, or replacement of such equipment. Water treatment that does not require such equipment does not require a license. In addition, a license shall not be required for the cleaning of the pool or spa in any way that does not affect the structural integrity of the pool or spa or its associated equipment.

PROPOSED

(j) "Commercial pool/spa contractor" means a contractor whose scope of work involves but is not limited to all phases of the construction, repair, renovation, remodel, and servicing of any swimming pool, hot tub, spa, splash pad/interactive water feature, decorative water feature, public bathing place, and all swimming pool and spa appurtenances whether public, private, or otherwise, regardless of use. This scope of work includes the scope of work of a swimming pool/spa servicing contractor.

The scope of work, includes but is not limited to:

The installation, repair, or replacement of all swimming pool, spa, hot tub, and water feature equipment, including, but not limited to, pool pumps, filters, feeders, controllers, heaters whether electric, gas, or solar, all equipotential bonding, pool/spa lighting, light transformers, light conduit, and any cleaning or sanitizing equipment which requires at least a partial disassembling.

The replacement, disconnection, or reconnection of power wiring, breakers, or fuses on the load side of the dedicated existing electrical circuit disconnect means for swimming pool, spa, hot tub, and water feature equipment.

The construction of equipment rooms or housing for swimming pool, spa, hot tub, and water feature equipment.

Excavation and earthmoving required for the installation of pools, spas, hot tubs, and water features including the construction of retaining walls. Operation of construction pumps for dewatering purposes for swimming pool, spa, and water feature excavation sites and drained swimming pools, spas, and water features.

The installation of rebar or similar support materials for swimming pool, spa, hot tub, and water feature structures, and the shaping and shooting of gunite, shotcrete, concrete, or similar product mix used in the construction of swimming pools, spas, and water features.

The installation of fiberglass swimming pool and spa shells and vinyl swimming pool and spa liners.

The installation, repair, or replacement of all tile and coping for swimming pools, spas, hot tubs, and water features.

The application, installation, removal, and re-application of all interior swimming pool, spas, hot tub, and water features finishes.

Construction, maintenance, or remodel of decorative or interactive water features, displays, or areas that use recirculated water, including, fountains, waterfalls and spray nozzles.

The installation of all swimming pool, spa, hot tub, and water feature piping including but not limited to, drain piping, permitter piping, and circulation/filter piping used in the construction of pools, spas, hot tubs, and decorative or interactive water feature displays or areas.

The construction and installation of concrete flatwork, pavers and bricks, and footings associated with the construction of swimming pools, spas, hot tubs, and water features weather newly constructed or additions to or remodels of existing swimming pools, spas, hot tubs, and water features.

The usage of swimming pool, spa, hot tub, and water feature equipment for the purposes of water treatment or cleaning shall not require licensure unless the usage involves installation, modification, or replacement of such equipment. Water treatment that does not require such equipment and filter media changes do not require a license. In addition, a license shall not be required for the cleaning of a swimming pool, spa, hot tub, and water feature in any way that does not affect the structural integrity of the swimming pool, spa, hot tub, and water feature or its associated equipment.

Florida Statutes
489.105(3)

The scope of such work does not include: Direct connections to sanitary sewer system or to potable water lines. The installation of new electrical circuits or any work inside a main electrical panel.

CURRENT

(k) "Residential pool/spa contractor" means a contractor whose scope of work involves, but is not limited to, the construction, repair, and servicing of any residential swimming pool, or hot tub or spa, regardless of use. The scope of work includes the installation, repair, or replacement of existing equipment, any cleaning or equipment sanitizing which requires at least a partial disassembling, excluding filter changes, and the installation of new pool/spa equipment, interior finishes, the installation of package pool heaters, the installation of all perimeter piping and filter piping, and the construction of equipment rooms or housing for pool/spa equipment, and also includes the scope of work of a swimming pool/spa servicing contractor. The scope of such work does not include direct connections to a sanitary sewer system or to potable water lines.
